With advanced technologies and workflows accelerating change in industries and careers, we at Autodesk are excited to partner with you on your professional journey. We invest in students by offering our broad portfolio of cloud-based integrated CAD/CAM platform technologies because we believe your ideas and innovation have the power to make this world a better place for everyone. Lead the change and change the world. Access the Autodesk Education plan Confirm your eligibility to get individual access to the free AutoCAD products for educational use. Eligible for product access through your educator? Get instructions Not eligible for educational access? Explore options New to 3D designing and making? Start here If you're a parent navigating the world of distance learning, start here to find projects to introduce your student to the world of designing and making. TinkerCAD: Create 3D designs and circuits Perfect for beginners and students, this collection of tools includes a powerful 3D design workspace and an electronics project simulator, helping people all over the world to make anything. Instructables: Step-by-step projects Instructables is a community of makers, innovators, and lifelong learners expressing passion through projects. Explore easy-to-learn, instructional projects for makers of all skill levels—or create a project of your own. Grow your design and engineering skills Need a bit more of a challenge? Explore our professional products and learning resources and practice your skills in sponsored competitions. Unless your creativity and bring your design and manufacturing ideas to life with Autodesk professional-grade software available for students. Join us to learn about the latest industry trends, connect with other members, showcase your work, and more! Learn from and give back to the student community. Gain experience, connect with like-minded students, and boost your résumé by signing up for Autodesk-sponsored competitions. Autodesk certifications validate skills and knowledge to help advance careers in engineering, digital art, architecture, and more. Discover the certification that's right for you. Advance your skills with an Autodesk Learning Partner Authorized Training Centers are Learning Partners that serve as your catalyst to job readiness. With in-person and remote learning environments, Autodesk Certified Instructors, and advanced courses, students can accelerate skill-building beyond the walls of a classroom and enter the workforce prepared for the future of making. Locate a learning partner Image courtesy of Christian Kasper Eligible students get access to Autodesk products and services with an easy annual renewal. Get products Free Autodesk software and/or cloud-based services are subject to acceptance of and compliance with the terms and conditions of the terms of use and/or other terms that accompany such software or cloud-based services. Software and cloud-based services subject to an Educational license or subscription may be used by eligible users solely for Educational Purposes and shall not be used for commercial, professional or any other for-profit purposes. The AutoCAD educational versions are fully functional for both students and teachers. To download AutoCAD, you must follow the following steps: Enter your account or create a new one. You must choose the download link for the educational version: In this case, I am selecting the license I need for personal use. It selects which version is required to download. In my case I am indicating AutoCAD 2018, for Windows 64 bits, in English language. Then you need to accept the service terms and the system will let you know that the download is ready. 2. Download AutoCAD Once the download starts, it will download a small file, in my case called AutoCAD\_2018\_English\_Win\_32\_64bit\_Trial\_en-us\_Setup\_webinstall.exe. When activating the executable, there will be a screen showing the program downloading, so you have to wait a few minutes. It is suggested to use WiFi connection because the size is 4 GB. When finished, the install button will be activated. By mail you will receive a license confirmation, where it is indicated that you can install it on two computers, with a useful time of 3 years. 3. AutoCAD 2018 Requirements The requirements for AutoCAD 2018 are those that are listed in the following table: System requirements for AutoCAD 2018 Operating system § Microsoft® Windows® 7 SP1 (32-bit & 64-bit) § Microsoft Windows 8.1 (only 64-bit) Type of CPU 32-bit: 1 gigahertz (GHz) or higher 32-bit (x86) processor 64-bit: 1 gigahertz (GHz) or higher 64-bit (x64) processor Memory 32-bit: 2 GB (4 GB recommended) 64-bit: 4 GB (8 GB recommended) Screen resolution Conventional Monitors: 1360 x 768 (1920 x 1080 recommended) with True Color High resolution monitors and 4K: Resolutions until 3840 x 2160 supported by Windows 10, 64 bits with video card memory capacity. Video card Video card Monitor adapter with 1360 x 768 capacity, True Color and DirectX 9 functionality. DirectX 11 compatibility is recommended Disk space Installation 4.0 GB Browser Windows Internet Explorer® 11 or higher Network Deployment through the Deployment Wizard. The license server and all workstations that will run applications dependent on network licenses must execute the TCP / IP protocol. Or, Microsoft® or Novell TCP / IP protocol stacks are acceptable. The main login in the workstations can be Network or Windows. In addition to the supported operating systems for the application, the license server will run in the Windows Server® 2012, Windows Server 2012 R2, and Windows 2008 R2 Server editions. Citrix® XenApp™ 7.6, Citrix® XenDesktop™ 7.6. Device Windows compatible mouse device Scanning table Compatibility with WINTAB Device (DVD) Download or installation with DVD ToolClips Media Player Adobe Flash Player v10 or higher .NET Framework .NET Framework Version 4.6
